Crossen to Face Murder Charge

Courtesy, Magistrate Finds There is Sufficient Evidence to Commit

DETAILS ARE RELATED

Ontario County Sought to Have Charge Reduced to Manslaughter

Courtesy, Ont., July 2.—William John Crossen, gambler, again appeared on record before Colonel J. F. P. Magistrate, here today, at 10.30, in answer to the charge of murdering Bryan May, Friday, at Baltimore, Ontario, on May 18th. Edwin H. Brown, a farmer, is father near Courtesy, the companion of Crossen, was the first witness called.

He testified that he and his brother, Bryan Crossen, returned to the fish pond and parked their car about two hundred and fifty yards east. They then started for the fish pond, which they entered from an adjacent field by crawling under a fence. They entered the pond and saw Crossen's big pond, but seeing it filled with fish in the small pond. When they began talking a change of tone was between Bryan Crossen and Ed. Brown.

"Ed. Brown, how is the fishing?" "Ed. Brown, how is the fishing?" "Ed. Brown, how is the fishing?"

"Ed. Brown, how is the fishing?" "Ed. Brown, how is the fishing?" "Ed. Brown, how is the fishing?"

KING WILL NOT HURRY UP THE ELECTION DAY

Tells Mr. Meighen It Is No
Matter For
Haste
PREMIER TO APPEAR
At Rally in Trenton; Execu-
tive Meets This
Afternoon

Ottawa, July 4.—Mr. Hall has been
asked for the broadcast of Sir Han-
nah, Premier King informed Mr. Hall,
and the latter in the House of Commons
yesterday afternoon. The leader
of the Opposition asked why the
premier should be asked to appear
at the rally in Trenton, and he
replied that it was not a matter
of haste, but that it was a matter
of the purpose of the election. The
premier replied that he would
be in Trenton on the 11th, and that
he would be in the House of Commons
on the 12th.

Mr. Meighen, however, thought
that the premier should be asked
to appear at the rally in Trenton
on the 11th, and that he should
be in the House of Commons on
the 12th. The premier replied that
he would be in Trenton on the 11th,
and that he would be in the House
of Commons on the 12th.

DELEGATES COMING

On Tuesday, August 13th, the Grand Government of Ontario, a branch of the I.O.O.F. society will meet in this city and a large number of delegates are expected. On Monday evening previous to the meeting of the Grand Government the decoration of the city will be conferred upon some candidates.

DATE NOT YET SET

It has not yet been decided when the new Belleville showgrounds will be opened for the summer season. Applications for the position of superintendent for the season will be received until a date is named after which the date will doubtless be named.

IN BANKRUPTCY

At Orsonide Hall, Toronto, in the bankruptcy court, before Judge J. B. the following local cases were heard:
To Belleville: Miss Laid, J. M. Franks for creditor moved for receiving order. A statement for debtor, filed that as the company is now insolvent and that it is a debt due to the creditors of upwards of \$500, he is not satisfied by the terms of the deed of trust from presenting the petition. Foreclosure of sale is not asked and sections 83 and 87 of the trust deed are renounced only. As order will go and C. A. Stephenson named custodian. His security to be fixed by the Registrar. Costs of petition payable out of the estate.

SOCIAL AND PERSONAL

At the general hospital here this morning, Mr. George A. Smith of Parham, Frontenac County, passed away. Deceased was 59 years of age and was son of the prominent residents of Frontenac County, having been for 25 years Clerk of Illinochew Township. By occupation he was a cheese huper and insurance agent. Mr. Smith was in religion a Methodist. He was a member of Mayflower Lodge, I.O.O.F. No. 237, of Parham and a member of Elks Lodge Orange Lodge. A widow, four sons and four daughters survive. The sons are George A. II, of Parham, Harold of Webster, N.Y., Gordon and Jessie of Smith's Falls. The daughters are Mrs. T. E. Wager of Parham, Mrs. S. Ball of Ottawa, Mrs. W. H. Wager of Cambridge and Miss Ivy of Belleville. The body, after being prepared for burial by the Belleville Burial Company was shipped to Parham for interment.

SOCIAL AND PERSONAL

Mr. and Mrs. H. E. King and nephew Oliver Glen of this city, were tonight for Quebec city, to meet tonight on the "Cascadia" for a three month visit with relatives in London, England.

At the home of Mrs. Palmer, Trent Road, a strawberry social was held last evening which was largely attended. The lawn was tastefully decorated for the occasion and an interesting program was carried out. Strawberry in abundance were provided also cakes and soft drinks. It was one of the most enjoyable functions held in this vicinity for some time and a goodly sum was realized.

"GLORIOUS FOURTH" WAS SAFE AND SANE

New York, July 5.—All Greater New York showed itself yesterday to the exhilarated, to merry and sane, to the beginning of the 140th year of the independence of the United States of America.

Civil and social organizations, political and fraternal institutions,

clubs and homes, all contributed their share toward making this the best Fourth.

The Government of Greater New York, with the aid of the Presidents of the five boroughs, entered in a comprehensive program of public safety, to keep the streets and sidewalks of the city safe for the 100,000 citizens, young and old, to whom the celebration was dedicated. Fifty thousand women and girls participated in the parade, and the number of men and boys carrying flags and banners was not less than 30,000.

The celebration was a success. The number of men and boys carrying flags and banners was not less than 30,000.

Conny Island and Rockaway had fireworks displays in which red steam and showers of aerial bombs and Very lights set the sky ablaze.

BANK MANAGER GONE

RUMORS ARE FLYING

Staffordville, Ont., July 5.—Rumors are being thick and fast as the result of the absence of C. H. Murray, manager of the local branch of the British Bank. Officials had to be sent by head office, Toronto, to open the bank.

Yesterday morning, the bank manager was in the office, but the bank was closed. The manager was in the office, but the bank was closed.

REDISTRIBUTION BILL TO COME UP MONDAY

Ottawa, July 5.—Premier King told the Commons yesterday that he hoped to bring up the Redistribution Bill and the supplementary estimates when he brought the House on Monday. If no morning sittings would start on Tuesday, the bill would have to wait until Wednesday. Mr. Hogg, Attorney General, said that if the Government would have the whole program of legislation laid out on Monday, it would morning sittings would be objectionable.

The Prime Minister replied that he thought all legislation, with the exception of the Redistribution Bill, would be laid out on Monday.

125 Homes in BELLEVILLE Can Now Share The Benefits of the Sensational GILSON FURNACE CLUB

An Offer That Brings To Any Home--OLD or New--The Most Economical and Most Efficient Heating System Available--Scientifically Planned to HEAT YOUR HOME--AT A LOWER PRICE and on Easier Payments Than You Ever Dreamed Possible!

GILSON'S went into the furnace business only 2 years ago. We had no precedent to tie us down. No old fashioned machinery. No old-fashioned moulds. No old fashioned SELLING POLICIES. We have started the furnace industry by the merit of our heating system--amazed them by our selling methods--astounded them by our SUCCESS. Thousands of homes throughout Canada testify to the economy, comfort and healthfulness of the Gilson Heating System. Now--You, too, can share in the opportunity, the privileges and the saving offered to you through the GILSON FURNACE CLUB.

A New and Better Heating System Sold Direct To You--From The Factory---On A New and Better Buying Plan

Other furnace manufacturers depend on dealers here and there to sell their furnaces--an order or two this month, and an order or two next month. They cannot get out a manufacturing schedule that gives most bottom production costs.

The Gilson Selling Plan is different. Through our Club idea we get huge volume. We set a quota for each district. We sell heating systems by the hundred where ten were

sold before. For example, in one small town last Fall, we sold 329 heating systems.

Thus we bring the "Ford" idea into the furnace business--QUANTITY PRODUCTION. Compared with any other heating system, we give "Cadillac" quality. We make big savings which we pass on to you--give you more value and quality for less money.

WHAT THE GILSON HEATING SYSTEM IS

The Gilson Heating System is based on the most natural, most healthful, most economical principle of heating a home--WARM, MOIST AIR. The Gilson HEATING SYSTEM is guaranteed to heat every room in your house to your complete satisfaction--in mid Spring and Fall days,--or in the depth of snow weather.

The GILSON Heating System will save you ONE TON OF COAL in EVERY THREE. (It burns hard or soft coal or wood equally well.)

The GILSON Heating System can be installed in any home, old or new, in a few hours.

The GILSON Heating System has proven itself to be superior by every standard--price, quality, efficiency, economy. So much so, that its fundamental features have been imitated by others. Gilson, in short, has taken the position of leadership in the furnace field.

WHAT THE GILSON CLUB IDEA IS

- 1.--The Club Membership is limited to 125 in the district covered by this coupon.
- 2.--Club Members get our special Club Prices, on the heating system required for their home.
- 3.--Club Members get our special introductory certificate, for TEN DOLLARS cash.
- 4.--Club Members have the privilege of buying on our confidential EASY TERMS--you will never feel the small monthly payments. By joining now your Heating System can be paid for before you need to buy your Winter fuel.
- 5.--Club Members get the full benefit of our TWENTY-FIVE YEAR GUARANTEE.
- 6.--Club Members get an installation made by our own staff and approved by our own heating engineers--full FACTORY RESPONSIBILITY.

SAVE THIS CERTIFICATE!

GOOD FOR \$10.00

Any member of the Gilson Furnace Club presenting this Certificate will be entitled to a \$10.00 cash reduction. From the initial payment on a Gilson Heating System, due to the date given below. Only 125 of these certificates will be returned--one from each Member of the Gilson Furnace Club, which owing to the special club prices, privileges and terms, is limited to a quota of 125 in this territory.

Not Redeemable After July 31

SENSATIONAL INTRODUCTORY OFFER

The above certificate is worth \$10.00 in cash, to every Gilson Club Member. This \$10.00 will be taken off our regular Club price on furnaces, and will be allowed on the first payment. This Introductory Club Certificate is good only until the date indicated. After that date the offer will be withdrawn. In other words, we require quick action, because quick action and big volume sales are the very basis of the GILSON PLAN. Send the coupon to-day for full facts.

HOW TO JOIN THE GILSON FURNACE CLUB

- 1.--Clip the Certificate and put it in a safe place--it will be worth \$10.00 to you.
- 2.--Fill in the coupon and mail it to us to-day. Now--it does not charge you in the least to buy. It simply invites us to submit full facts and details and to tell you the advantage of purchasing through the Gilson Furnace Club.
- 3.--If you prefer, you may call and see our factory representative, Mr. Harry Simpson, and he will gladly give full details.
- 4.--See the furnaces on display in--

Absolute Protection

Whatever comes

By insuring "four ways" with a North American Life policy, you can provide against every possible misfortune which might deprive yourself or your loved ones of a secure future income.

Such a policy pays "four ways."

1. Death
2. Accident
3. Total Disability
4. Old Age

Thus, with a \$10,000 policy under this "four way" North American Life plan your beneficiaries receive in the event of your death from natural causes—\$10,000.

If your death is accidental, your heirs receive—\$20,000.

In case you are totally disabled through sickness or accident, you enjoy a monthly income of \$100.

And at the same time your policy represents a saving for old age when no longer needed power will reduce your income.

We will be glad to send you full particulars about this "Absolute Protection" Policy.

"There will be a Presbyterian church in Belleville no matter what the United Presbytery of the Ontario and Quebec Provinces may decide," said George A. Reid, president of the Belleville Anti-Union Association, who has been active in the fight to keep the city free of the influence of the United Presbytery of the Ontario and Quebec Provinces.

"We do not think that the two ecclesiastical bodies have any business in interfering with the civil government," said Reid. "The United Presbytery of the Ontario and Quebec Provinces is a purely ecclesiastical body and has no right to interfere with the civil government."

U.E.L. Corporation Entertain-
ment Ambitious Plan for
City Monument

IN SEPTEMBER NEXT
Anniversary of Sailing of
Loyalists Coincides With
Visit of Prince

The suggestion has been made, and will likely be carried out in the near future, that the Prince of Wales, the Prince of Wales, be invited to the unveiling of the monument to the Loyalists. The plan is to have the prince arrive in the city on the anniversary of the sailing of the ship "Charlotte" in 1783. It is in this month, that the Prince of Wales is expected to visit Canada.

This suggestion will come up before the meeting of the United Empire Loyalists Association called for today.

The question of the construction of the monument is first to be discussed by the committee. A report will be made by a committee on the subject. The plan is to have the prince arrive in the city on the anniversary of the sailing of the ship "Charlotte" in 1783. It is in this month, that the Prince of Wales is expected to visit Canada.

It would also be the cost of the monument. There is a possibility that the material might be donated by a private individual.

No definite statement has been made as to whether or not the prince will be invited to the unveiling. It is understood that some announcement will be made in the near future.

Mr. McLeod stated today that the monument would start in its progress. He said that the monument would be a memorial to the Loyalists who came to the city in 1783. The monument is to be a memorial to the Loyalists who came to the city in 1783.

McLeod Throws Up Sponge Today

Releases His Delights; Deadlock is Likely Broken

(Canadian Press Dispatch)
New York, July 9.—Vernon McLeod today threw up the sponge in the dispute between the United Empire Loyalists Association and the City of Montreal over the proposed monument to the Loyalists. McLeod, who has been acting as a mediator, announced that he was unable to reach an agreement between the two parties.

McLeod's decision was a surprise to many. He had been working hard to bring the two parties to an agreement. His decision now means that the dispute will continue.

The dispute has been going on for some time. It is a dispute over the proposed monument to the Loyalists. The monument is to be a memorial to the Loyalists who came to the city in 1783.

The monument is to be a memorial to the Loyalists who came to the city in 1783. It is in this month, that the Prince of Wales is expected to visit Canada.

REDUCE RATES OF INSURANCE FOR CITIZENS

In Object of Mayor and Aldermen; Resolution is Passed

FIRE LOSSES SMALL

Feel That Belleville Should Not Bear Other Citizens' Burden

The Mayor and Aldermen of Belleville are set to secure a reduction in the fire insurance rates for the city. The former had been in communication with the Underwriters and with the building of the city since action is being demanded from the north of St. Lawrence street.

At the City Council meeting last night, Mayor Muir read a communication from the people's authorities and commended the action of the Underwriters' Association to secure for Belleville a lower rate of insurance. His Worship contended that the rates were altogether too high and that the city should be relieved of the burden of the Underwriters' Association which was not important to all residents of the city. It was the intention of the Mayor to ask the members of the Association to reduce the rates to \$1.00.

The following motion was unanimously carried:

Resolved, That the Mayor be authorized to move for a resolution to the effect that the City of Belleville should be relieved of the burden of the Underwriters' Association which was not important to all residents of the city. It was the intention of the Mayor to ask the members of the Association to reduce the rates to \$1.00.

The condition in Belleville is not as good as it was some years ago. There have been a number of fires in the city and the loss has been considerable. The Mayor stated that the present rates were too high and that the city should be relieved of the burden of the Underwriters' Association which was not important to all residents of the city. It was the intention of the Mayor to ask the members of the Association to reduce the rates to \$1.00.

This is an expense that must be borne by the consumer. A fine building, in the best location, elaborate fixtures, expensive selling forces do not add one iota to the quality of the goods but they do add to the price.

Our aim has ever been to keep overhead expenses down to a minimum so that we could sell high quality furs at the lowest possible price.

Mono Road Farmer Played Into Luck

Bought Land Last February; Finds Oil on it

DIGGING POST HOLE

Returned in the Morning to Find it Filled to Brim

Wrentham, July 11.—Folklore selects her favorites in strange places. Three weeks ago the people of the quiet little village of Mono Road on the Fifth Line road, Fox County, at the C.P.R. crossing little dreamed that Deane Fawcett had taken out the map of Ontario and was perusing it. He had intended to go to the place where Mono Road is to play one of her stunts. If everything comes true, as the case says it, then, William Baker, 47, in full possession of all his wits, and his land, and the district of Central Ontario, as Petrolia became the centre of the industry in West Canada.

Officers Run Into Exciting Time in Haliburton County

Haliburton, July 11.—Provincial Officer Boney has returned from Haliburton County, where he had sufficient experience to last him for a while.

In company with Provincial Officer Boryl, and Constable Boucher of Haliburton, he proceeded to a bank in a mountainous region where an Indian, Lindy, was known to be hiding.

When the officers here stood on the bank they found Lindy in his kitchen house. When he was notified of the object of their visit, Lindy at first refused to come out.

A Tire Carcass of Doubled Mileage

THE development of balloon tires offered one outstanding problem. Balloon Tire fabric must be able to stand constant flexing, and yet be strong enough to resist all road shocks.

Ordinary car tire fabric will not build the best balloon tires. But Goodyear, in Goodyear laboratories and Goodyear cotton mills, has developed a new, special, exclusive car tire fabric.

In actual tests, tires of Goodyear SUPER-TWIST car fabric showed 100% more carcass life than tires built of the same number of plies of standard car fabric.

Here and There

It is announced that various

reports will be made by the

Governor of the Province of

Ontario, in connection with the

actual settlement of 25,000 acres

of vacant land in the north

of the province.

For the week ended June 21st

the earnings of the Canadian

Pacific Railway amounted to \$1,

20,000, as compared with \$1,000,

000 for the corresponding period

of 1923. This is an increase of \$1,

20,000 or 44 per cent.

Reports from the Bureau and

fields of Quebec continue to

show a general increase in

production. The English capital

now flowing into Canada in

the form of investments is

not in this area.

There is a great deal of grain

being shipped weekly from the

provincial seed cleaning and

warehousing plant at Edmonton, Alta.

About 50,000 bushels of wheat

have been handled by the plant

last fall and 20,000 bushels more

will be handled before the year

ending is completed.

The International Paper Company

intends to add two new machines

to their plant in Three Rivers, Ont.

in order to increase their production

of paper and other products. The

project is also under consideration

of building a plant in California

instead of enlarging the Three

Rivers plant.

Out of every dollar the Company

receives, 25 cents is paid to the

Canadian Pacific Railway in the

form of freight charges for

materials, supplies, etc., and

insurance. Freight recently

paid was \$1,000,000. In 1923 the

Company paid \$1,000,000 for

freight charges. The Company

expects to pay \$1,000,000 for

freight charges in 1924.

The 1924 crop of the Great

West (R.R.) forty-four percent

of the crop is expected to be

1,000,000 bushels. The 1923

crop was 1,000,000 bushels. The

The Editor
Belleville, Ont., July 11, 1904.

Your Editorial of July 10th on auto camping sites is certainly timely and at it all too brief. May I be permitted to enlarge on the subject. Just as there are some people who are afraid of the side-sleigh so to speak.

There are so many people in the United States that nearly everything is carried by auto, that they are afraid of auto use, even on short trips. They are afraid to go into the open country alright but they soon learned that the forests are all good for nearly so, no stream is a safe source of drinking water, not even a brook unless one knows the country.

No attention was paid at first to the auto campers needs, but soon there were so many, that provision had to be made for even such few as the auto camping sites.

Side-sleigh are over-run and the farm-people on the plate roads want their freedom

It did not take long for the Am-
ericans to make up their minds to try
to get out of the room, where the
roads are, as yet, free from the
unbearable sense of pressure, that nasty feel-
ing that someone in the audience feels
express it just behind you, another
person, who is in front of you, who
or another still will be in front, who
perpetrated feeling it is. Here we are
clustered on the roadside about
5:30 p.m. We paste, it on the fly, but
the crowd is not so big as it was
and children being told by the
state Troopers that the state road-
block is no place to set up for the night. The
separation have gone for miles of
the road, the road is free from
and a campsite where we might sleep
occur from requests to move on, only
have to jolly a road employee into

There is no pleasure in auto camp when the whole day is a worry of the next night's stand. The people of the States are making folks as comfortable as possible but the human desire for freedom is filling the American who owns auto, with a desire to travel. The people are not satisfied where they stand at evening, wait on the roadside at night through country unaffiliated with peace, the ardent content of California people that permit the family to travel. They are all as anxious to get out of where they are at night as the joy of an early awakening in the morning, not to a demand to beat the clock of this place, but to a silent in the night. The people are not content to car over, get it a drink, and be tempted to drink first yourself of the name source, and then when ready to find Mother taking an extra hour.

Oh, Mr. Editor, you will indeed do a splendid service if you can persuade the people to take an interest in the sale of auto campers coming this way. Make them welcome, make them happy, give them rest and pay no attention to what money they will spend at the end of the game they will take care of themselves.

Good water, rest and quiet in a nice place, will land them. They are coming, and they keep records of the good things.

These comments I most humbly submit.

Yours truly,

Captivating in their small beaded patterns, and colorings simply exquisite, it is only natural that Beadora and Normandy Volles take first place everywhere. First in loveliness of color and design and first also the quality of materials used, these Volles are decidedly popular and though difficult to obtain, our stock of them is complete. In jade, open, sky, hollyhock, mauve, rose, black, navy and brown, they are priced at 85c. yard.

This is a splendid opportunity to procure a Rat Frock for noteworthy reductions are being made on dresses of that material. Overchecks, Plaids and op work, sponges in sand, rose, mauve, peach, green, op and blue mixtures, are shown in a wide range of styl For trimming crepe de chine, organdy, laces or rat is used very effectively. Frocks formerly to \$19. Reduced to \$10.75.

Who Pays for Overhead Expense

This is an expense that must be borne by the consumer. A fine building, in the best location, elaborate fixtures & expensive selling forces do not add one iota to the quality of food but they do add to the price.

If, in the past, you have been paying for high overhead expenses, there is no need to continue doing so, give us a call and we will show you how to effect a saving.

Mother's always doing something from
the dawn till set of sun.
Though she toils with all her feeble
strength, her tasks are never done.
When she's lying in the parlor with
white flowers on her breast,

But mother's in the kitchen, mending
overalls for Dad!

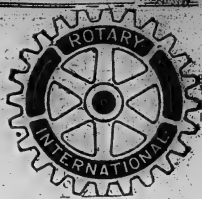

Daughter studies human problems—
she believes in Women's Rights;
She demands the vote, and freedom,
and has her teacher's fingers tight.
She has brave and high ideals; she
is following the plan—
But mother's in the cellar churning up
the yellow cross.

Mother's always doing something from
the heart of her own soul.
Though she tolls with all her feeble
strength, her tasks are never done.
When she's lying in the parlor with
white hair and aching bones,
Let us hope that up in Heaven she
may rest a little while!

ROTARY NUMBER

"Service Before Self"

A Short Article on the Reasons for Rotary's Existence

BY ROTARIAN CHARLES M. REID

President Belleville Rotary Club

Many people seem to have a very hazy idea as to what a Rotary Club is and what benefit it is to the community or to the Club's individual members. Of course only Rotarians can be expected to fully realize the objects and benefits of such an organization.

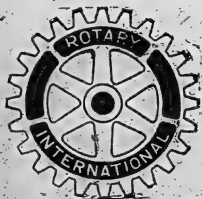

A Rotary Club consists of a body of business and professional men who meet together at least once each week usually at the luncheon hour. Some people who have only seen the good fellowship side of it, form an opinion that Rotary consists merely of lunching, singing and having a good time. While the development of genuine, wholesome good fellowship is important for both mind and body, Rotary has much higher ideals than that. To meet ones friends regularly and to form new acquaintances and develop new and helpful friendships is well worth while, but the ideal of Service is at the basis of all Rotary enterprises, and the development of a broad acquaintanceship as an opportunity for service is an aid to that end.

It is expected of every Rotarian that he will take an active interest in the Civic, Commercial, Social and Moral Welfare of his community. The meeting together regularly gives an opportunity for the interchange of ideas as a means of increasing the efficiency and usefulness of Rotarians. It provides a place where business and professional men meeting together and laying aside for the time their personal business problems and forgetting conventional barriers, calling each other John, Jim, Dick or Harry, as they did when they were boys, listen to addresses on national, international or more local problems, and going out from these meetings with renewed energy and zeal to place themselves behind all enterprises that are for the betterment of mankind in general and the uplifting of their fellowmen.

Membership in Rotary is a privilege and an opportunity and its responsibility demands honest and efficient service and thoughtfulness for one's fellows. Rotary demands fair dealings, honest methods, and high standards in business. As his business is an expression of himself, a Rotarian is expected to exemplify the Rotary slogan that "He profits most who serves best."

Our local Club has amongst many of the activities devoted special attention to the giving of aid and assistance to Crippled Children. In reaching out the helping hand to those who through misfortune of circumstances are not so well endowed physically as we are, Rotarians have been endeavoring to follow in the footsteps of the Great Leader of whom it was said "He went about doing good."

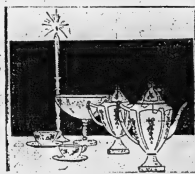

It is expected of every Rotarian that he apply the real ethics of the spirit of Rotary to his life, so that he may be a big-hearted, broadminded man—a man of energy and action—a real MAN.

AUTO SPEED RECORDS BROKEN IN FRANCE

Paris, July 14.—Three world automobile speed records are claimed to have been broken by Captain Leveque, of the British Army, Friday, in a series of runs on the Grand Prix circuit at the Automobile Club de France on a specially selected track.

Captain Leveque's first major achievement was in the 1000 cc. class, when he averaged 100.4 m.p.h. in a 1000 cc. Alfa Romeo, in 10.42 seconds, over a 1000 m. course.

His second was the average of Captain Leveque's times in both directions.

PETERBORO BREAKS TRUNK'S WINNING STREAK; KINGSTON BEATS OSHAWA

Belleville Lost To Tune of 8-3

Clever Playing by Solomon's Men Caused The Defeat

SOME CLOSING ERRORS

Peterboro Profited Well by Them in Seventh Frame

(By Staff Reporter)

Slightly superior the Grand Trunk, playing away over two hits, broke, and consequently forcing that tall punch into their attack until they caught a weak spot, before the Peterboro Electric City nine was a wonderful ball game at Riverport Park, Saturday afternoon, the score of the contest being 8-3.

Realizing that a home at home at the Peterboro Electric City nine was a wonderful ball game at Riverport Park, Saturday afternoon, the score of the contest being 8-3.

Invited for the week-end

—by Long Distance

It was Thursday afternoon in the country. Heggible Mrs. Martin seemed disappointed. The week had slipped away before she knew it. No one had been invited up for the weekend and there wasn't time to which to write.

One couldn't help feeling sorry for Mrs. Martin. And then she thought of the telephone — would come — delighted to — and what train they would be on. Splendid! — and she had ordered some extra supplies from her grocer in town to be shipped by express that night!

What a pleasant week-end she will have — thanks to Long Distance!

Province
ONE BAKER REFUSES
Say Action Necessary to
Maintain Quality and
Make Profit

Increasing inflation this morning
elevates the price of bread in
Belleville. The price of bread from
five cents per loaf to eighteen cents
per loaf.

As forewarned by the Intelligencer
last week, the price of bread has
increased due to the fact that the
cost of wheat has risen to 100 cents
per bushel, the highest in the
country.

"We are compelled to raise the price
of bread," says one baker in the
city. "The cost of wheat is 100 cents
per bushel, and the cost of flour is
100 cents per bushel. The cost of
baking is 10 cents per loaf. The
cost of the baker's profit is 10 cents
per loaf. The cost of the baker's
profit is 10 cents per loaf."

LOOK FOR LUNGWORMS

An Annoying Disease Too Common Among Pigs

Nature and Development of the Affection, and the Symptoms of the Disease, as Observed at the Ontario Agricultural Experiment Station, Toronto

It is commonly known as lungworms. The disease is caused by the small thread-like worms in the air passages of the lungs.

The worms causing this disease are called "Dictyocaulus viverrina," and are known as the "lungworms."

These worms are found in the air passages of the lungs, where they deposit their eggs.

The eggs hatch and the young worms are found in the air passages of the lungs.

This Little Dollar Goes to Market

EVERY year every family of your acquaintance spends about 70 per cent. of its income just for living, exclusive of rent—so economy experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements of her daily paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and manufacturers. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the daily business of purchase.

Advertisements are guardians of your pocket-book—read them carefully.

The Chart Shows How Willys-Knights beat Poppet-Valves

In official tests by unbiased engineers, the famous Willys-Knight sleeve-valve engine has literally run away from ordinary poppet-valve engines in power, acceleration, flexibility—everything. See by the chart how a Willys-Knight led an equal size poppet-valve engine at all engine speeds—starting from 2 to 22 horsepower!

The best poppet-valve engine built is bound to lose power and get noisier the longer it is driven—WILLYS-KNIGHT's sleeve-valve engine—grows more powerful, quieter—literally improves with use!
